

FAILED TO PASS THE WOOL BILL

Insurgents Desert Dem-
ocrats and the
Vote Was 10
Short

ADJOURNMENT TUESDAY

Taft Signs the Campaign Publicity
Regulating Expenditure of
Candidates—Wash-
ington News.

Washington, Aug. 19.—The Dem-
ocrats of the house and their insur-
gent allies were unable to command
the necessary two-third majority to
pass the wool bill and the free list
bill over the president's veto, al-
though they put forth their best ef-
forts to do so. A change of 10 votes
would have turned the trick and sent
both measures to the senate for its
action.

The defeat of the attempt to pass
the bills was accomplished by the
fact that eight insurgents who had
voted for both measures when they
were originally before the house re-
versed themselves and decided to
support the president, and by the
further fact that there were several
Democratic absentees who could not
be brought in. Representative
Dwight of New York, the Republican
whip, adopted drastic means to bring
back to Washington every possible
Republican absentee.

The Democrats bitterly assailed
the veto action of the president.
Chief among them was Representative
Ollie James of Kentucky, who
characterized it as the rule of the
middle ages and declared that the
king of England had not exercised
the veto power for a hundred years
and would not now dare do so.
Speaker Clark, who closed the dis-
cussion for the Democrats, denied
that the Democrats had attempted to
put the president "in a hole;" he had
done that himself. He had thought
all along that the president would
sign the wool bill and keep his promise,
and he had backed his faith by
betting the best hat in Washington,
and lost.

STATEHOOD BILL PASSED IN SENATE

Washington, Aug. 19.—Statehood
for New Mexico and Arizona upon a
basis acceptable to President Taft
was approved by the senate yester-
day, through the passage of the
Flood-Smith resolution presented by
Senator William Alden Smith, chair-
man of the committee on territories.
The resolution passed 53 to 8, after
a debate in which the house was
charged with evading a vote on the
president's statehood veto, and in
which the president was charged
with trying to coerce the people of
Arizona on the proposed recall of
judges.

The senate measure will be con-
sidered in the house today and that
body will be able to pass it if it
chooses to do so without having to
vote first on a re-passage of the re-
voted resolution. It might go to the
president today or Monday.

Despite many objections to the
resolution, all Democrats voted for
it, except Senators Bailey of Texas
and Pomeroy of Ohio. The Republi-
cans who voted for it were Bourne
of Oregon, Brandegee of Connecti-
cut, Bristow of Kansas, Clapp of
Minnesota, Cummins of Iowa and
Heyburn of Idaho.

PUBLICITY BILL.

Washington, Aug. 19.—President
Taft today signed the campaign pub-
licity bill, making the measure a
law. The new statute provides for
the complete publicity of campaign
expenditures for candidates for the
house and senate before election,
and limits the amount each man can
expend in a single campaign to
\$5000 for candidates for the house
and \$10,000 for candidates for the
senate.

ADJOURNMENT TUESDAY.

Washington, Aug. 19.—Adjourn-
ment of congress on Tuesday, Aug.
22, at 2 p. m., was assured today by
action of the house ways and means
committee. By a strict party vote,
the committee decided to accept the
amendment to the house cotton bill,
to report the measure to the house
and call it up for action Monday.
The amendments accepted were re-
visions of the iron and steel, cotton
and an amendment providing for
machinery and chemical schedules,
free coal from Canada. This is the
final tariff bill of the Democratic
program and action on it in the house
will end the session.

Edmond Rostand, Who May Die From Auto Wreck Injuries

Grave fears are entertained for
the recovery of Edmond Rostand, the
celebrated poet and playwright, who
lies desperately hurt at his villa at
Cambo-les-Bains, France. M. Ros-
tand was motoring from Cambo-les-

Bains to St. Jean de Luz, accompa-
nied by his chauffeur and a mechanic,
when his machine skidded on a curve
in the road, leaped into the air, turned
over and fell to the bottom of a
15-foot ditch, pinning the poet be-
neath it.

LITTLE TOT A PRISONER WITH DEAD MOTHER

Washington, Aug. 19.—Four-
year-old Virginia Peterson, al-
most dead from starvation, was
rescued this afternoon by the
police from a locked room in a
local apartment house, where for
days she was held prisoner with
the dead body of her mother, a
suicide. An empty bottle label-
ed "carbolide" told the police
of self-destruction. For two days
neighbors had heard the plaintive
cries of little Virginia and
seen her tear-stained face pressed
against the window, but no one
suspected that the child was
a prisoner in the death cham-
ber, slowly starving to death.

HE LASSED COLT; LAD'S NECK BROKEN

Butler, O., Aug. 19.—Dwight Sim-
mons, an 11-year-old farmer boy is
dead from injuries sustained when he
lassed a colt Thursday while he was
playing cowboy. He had fastened one
end of the rope around his neck be-
fore he cast the lariat. The noose
caught the colt around the feet and
galloped off through the pasture drag-
ing the youngster after it. The boy's
neck was broken and his skull frac-
tured.

FUGITIVE FOR 15 MONTHS IS UNDER ARREST

Detroit, Aug. 19.—A sensational man
hunt which began 15 months ago and
which has taken the principals
through all parts of the United States,
was ended here today when John C.
Byland, former cashier of the Rich-
wood Deposit bank in Boone county,
Kentucky, and once a member of the
Kentucky legislature, was arrested by
Sheriff Hume of Kentucky.

Byland is wanted for the alleged
embezzling of \$18,000 of the bank's
funds. Discovery of the alleged short-
age was made with the finding of a
forged check for \$2,000.

Investigation of the books was
started and Byland and his son, who
was assistant cashier, disappeared.
The trail was taken up by the Pinker-
ton detectives and the son finally cap-
tured after being followed to the Pa-
cific coast.

The elder Byland was finally located
in this city living under the name of
John C. Brown.

AGED INDIAN SETS DEER FREE IN ZOO

Cincinnati, Aug. 19.—Silver Wing, 83,
oldest member of the tribe of Indians
playing Hiawatha at the Cincinnati zoo,
overcome by memories of the past, last
night released the herd of 29 deer from
their pen. "I am an old man," he ex-
plained when asked why he set them
free. "The great spirit is calling. Be-
fore I died I wanted to have the pets
of my boyhood days around me again."
The deer were captured after several
hours' work.

ATWOOD REACHES ERIE, PA.

Not An Accident Mars
the Longest Aero-
plane Flight
on Record

FOLLOWS LAKE SHORE

Landed Friday Evening at Swan-
ville, Pa. Fearing to Attempt
Landing in the City
After Dusk.

Erie, Pa., Aug. 19.—Harry N. At-
wood, engaged in the most sensa-
tional cross-country flight in his-
tory, today flew from Fairview, Pa.,
to Erie, arriving at 12:05. He had
previously announced that he would
not fly until 6 o'clock, in order to
get the crowds off the field at the
starting place.

"The wind is dead against me to-
day," he said, "and the going will be
mighty hard. I am two days ahead
of my schedule, and I suppose this
delay will put me a trifle behind. I
don't know when I will reach New
York, but I expect to be there in time
to win the prize money. The trip
from Cleveland was one of the hard-
est since I left St. Louis. The wind
blew off shore throughout the trip,
making the going rough and hinder-
ing my progress."

Swanville, Pa., Aug. 19.—What
he called one jump brought Harry N.
Atwood, the aviator, from Cleveland
to Swanville, Pa., yesterday after-
noon and landed him 84 miles nearer
his destination in his picturesque
aeroplane flight from St. Louis to
New York. Atwood was to have gone
on to Erie, but a lack of gasoline
forced him to land here, 11 miles
west of that city. He came down
without accident and glided into a
cornfield in the twilight, his biplane
being moored beneath the trees on
the lake shore.

Starting from Cleveland after in-
numerable delays, the Bostonian
went through the air at terrific
speed. A fast mail train which left
Cleveland 20 minutes after him failed
to catch up. Atwood gained until
he was 30 miles ahead of the train.
As soon as the passengers were
aware of the aeroplane's headway,
they rushed eagerly to the windows.
Sailing high over the edge of Lake
Erie and the stretches of vineyards
that dot the shore, Atwood, after
leaving Cleveland at 4:03, alighted
in the cornfield at Swanville at 6:10.
central time, his actual flying time
for the 84 miles from Cleveland be-
ing 2 hours and 7 minutes. Yester-
day's run entitles him to a credit of
having flown through parts of five
states, Missouri, Illinois, Indiana,
Ohio and Pennsylvania. He is now
727 miles from his starting point in
St. Louis and 538 miles from New
York, having been in the air since he
left last Monday actually 15 hours
and 22 minutes. A large portion of
yesterday's flight was over the lake.

Atwood started from Cleveland so
late that he faced a prospect of be-
ing overtaken by darkness. The start
was made under great difficulty, as
he had to ascend from a narrow
strip of fenced-in sandy beach. He
glided down hill and, almost touch-
ing the surface, flew out over the
lake into a treacherous wind. By
skillful steering he took a spiral up-
ward course and later landed in the
Country Club golf links.

On the golf course he made three
unsuccessful starts before he could
rise high enough to skim over the
tree tops. Safe in the air, he swung
out over the lake, came back to a
point over the land at an altitude of
500 feet, struck out on his course fixed
by the Lake Shore and Michigan
Southern railroad track, with the
intention of reaching Erie before
sundown. All along the route tele-
phone and telegraph lines for two
hours did a business devoted almost
exclusively to messages concerning
Atwood's movements.

"Over Conneaut, O., at 5:41 p. m.,
500 feet high and going like an ex-
press train," came from one opera-
tor, and was soon followed by another,
who reported: "Crossed over into
Pennsylvania, and at 5:47 is sail-
ing over West Springfield."
Eighteen minutes later Girard,
Pa., had him over that point with
the information that he had disap-
peared from view to the eastward
before the people could get out to
see him. Between Cleveland and
Ashtabula, Atwood made the 54
miles in 1 hour and 15 minutes, in-
cluding delay caused by his slow
start at Cleveland.

Erie Disappointed.
The fact that Atwood's biplane
was backed up under a grove of
trees in a lonely spot on the lake
shore, where the village's only po-
liceman was on guard to protect it,
caused keen disappointment in Erie.

FIRST PHOTOS OF FATAL AVIATION CONTEST SCENES IN CHICAGO, WHERE JOHNSTONE AND BADGER FELL TO DEATH

The death of Aviators William R.
Badger, member of a wealthy Pitts-
burg family, and St. Croix Johnstone
of Chicago, in the presence of 500-
000 spectators at Chicago on the
fourth day of the meet at Grant
Park, does not appear to have put
any damper on the interest in aero-
plane flying there. The popularity
of aerial performances continues un-
abated. The inquest into the deaths
of the aviators will be held today.
Badger was literally broken to pieces
by the engine of his Baldwin biplane
in front of the grand stand. He was
still living when he was taken from
the wreckage, but died immediately
after his arrival at a hospital to
which he was hurried in an ambu-
lance. Johnstone, whose father is a
Chicago physician, fell in Lake Michi-
gan from a height of 1000 feet,
nearly an hour being consumed be-
fore his body was recovered and towed
to the Chicago Yacht Club.

WOLLINSKY FALLS UNDER 500 LB. BARREL OF PORK

Eugene Wollinsky, an unmar-
ried German, about 40 years of
age, employed at the Howell
Provision Co.'s plant, was seri-
ously injured early Saturday
morning by falling under a 500-
pound barrel of sausage meat.
He was held in this position for
15 minutes before he attracted
the attention of other employees,
who came to his rescue.
Wollinsky, who is a sausage mak-
er, went to work about 5 o'clock
Saturday morning. He attempted to
move a heavy barrel of sausage meat
out of the cooler into the sausage
room. His foot slipped and he fell
directly beneath the barrel, pinning
him to the floor.
He was found about 15 minutes later
by employees in the shipping de-
partment. Dr. D. H. Miller was called
and took the injured man to his
rooms in the Ankerle building, on
Second street, in a taxicab.
No bones were broken and he has
suffered no serious internal injur-
ies. The muscles about his hips and
abdomen were badly bruised. Woll-
insky was unable to walk and will
be confined to his room for several
days.

SAW USED TO CUT BARS IS GIVEN UP TO JAILOR

Ever since the discovery of the
plot of a number of the prisoners
confined on the third floor of the
county jail to gain their freedom
was made by Deputy Sheriff Rine-
hart, efforts have been made to get
at the bottom of the matter.
It will be remembered that one of
the large bars of the east window
on the south corridor had been
found nearly sawed in two. For two
days every one of the men confined
on this floor kept still regarding the
matter, and refused to talk.
Deputy Rinehart Friday, however,
got all the men together and made
another nice talk to them. Finally,
one of the men, Baxter by name, im-
parted the information to Mr. Rine-
hart that "Granny" Ellen, who was
bound over for holding up a train,
had taken two of the men to the
north corridor, while all the others
were implicated in the sawing of the
bar.

The man Huffman, who was charg-
ed with having burglar tools in his
possession, confessed to having fur-
nished the saw, but did not say
where he obtained it. He dug up
the saw, which was of the finest
steel, and turned it over to Mr.
Rinehart.

CUT TO PIECES BY MOWER.

Napoleon, Aug. 19.—Harold Shaw-
ber, aged 16, was literally cut to
pieces while mowing weeds along
the Detroit, Toledo & Ironton
tracks, near Hamlet, with a mowing
machine yesterday. His team was
frustrated by a passing freight and
he was thrown beneath the knives of
the machine.

DANGER OF EPIDEMIC IN LIVERPOOL

Failure to Move Garbage
Makes Health Con-
ditions Peril-
ous

SPIRIT GROWS WORSE

Chancellor Lloyd George Thinks
Outlook Is More Optimistic
Strikers Want Him on
Commission.

Liverpool, Aug. 19.—All power is
cut off in this city, saloons and res-
taurants are closed and famine con-
ditions prevail tonight. The death
rate is already alarmingly high. The
stretch of uncollected garbage is hor-
rible and unless something is done
to remove the tons of refuse now
exposed to the sun, diseases, that can
hardly be combated will be added to
the horrors of the strike. All the
coal owned by the city has been
turned over to the bakers to enable
them to make bread, but even this
supply will last but a short time.

Liverpool, Eng., Aug. 19.—With
the streets filled with soldiers and
the water front surrounded by ma-
rines today, the mob spirit was
quelled here, but the conditions grow
worse hourly. The soldiers have been
unable to furnish the city with even
a partial food supply. Hunger is
hourly driving thousands to despera-
tion, and owing to the fact that no
garbage is being removed, the dan-
ger of pestilence is assuming perilous
proportions.

London, Aug. 19.—After a confer-
ence with the strike leaders and the
railway managers, Chancellor Lloyd
George, in his report to the govern-
ment this afternoon, said that the
outlook is more optimistic than at
any time since the strike order was
issued. It is believed that the rail-
way companies will be forced to grant
the demands for the recognition of
the unions and the way will then be
clear for the arbitration of the other
demands and the increase in
wages. If a royal commission is ap-
pointed to settle the strike, it is said
that the men will insist that it be
headed by Lloyd George, whom they
believe will give them a square deal.

London, Aug. 19.—The most remark-
able feature of the railroad strike is
the good order and lack of violence.
Labor leaders are placing stress upon
this. Only two attempts to interfere
with trains have been reported from
the province thus far. The govern-
ment in an announcement that it has
not given up attempts to bring about
a settlement also notes the absence of
disorders.

The demoralization of the mail ser-
vice caused the postoffice department
today seriously to consider numerous
offers of aeroplanes to deliver the
mails. The street railway and tube
situation in London was improved to-
day on account of the employment of
several thousand strikebreakers.

The London Times today said:
"It is a mistake to minimize the
gravity of the situation which is far
more serious than anything that has
previously occurred in the history of
industrial troubles in this country."
While the strikers are jubilant over
their success thus far, conditions in
the slums in every large city are most
serious. The danger of disease and
starvation threatens thousands. Refuse
has not been removed and there is
danger of pestilence. An Irish physi-
cian working in Liverpool slums is
quoted as follows:

"First it is the children. They are
dying everywhere, but it will not rest
with them unless the refuse is re-
moved. Should any infectious disease
break out among the people here, it
would carry them off like flies. The
atmosphere of the city is awful."
Bread and provisions are becoming
almost as difficult to get here as in
Liverpool and suffering is intense
among the poor.

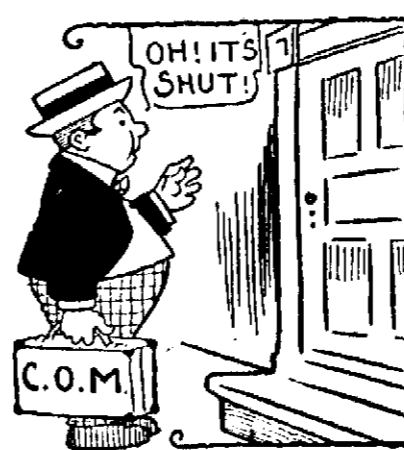

AGED MAN KILLED BY FRIGHT.

Napoleon, Aug. 19.—Chas. V. New-
ton, aged 83, died last night from
fright occasioned by an insignificant
fire at his home. While directing a
bucket brigade he fell to the ground
dead. He was recovering from a
month's illness.

PLAN 'PLANE RACE AT CHICAGO

Milwaukee, Wis., Aug. 19.—A race
between James J. Frisbie in a bi-plane,
and Rene Simon the French birdman,
in a monoplane from Chicago to Mil-
waukee on Labor day, is believed to
be probable. Negotiations are on be-
tween representatives of Chicago and
Milwaukee newspapers whereby a suit-
able purse can be made up.

South Bend, Aug. 19. — Newark slipped up from behind and copped the second game of the series here yesterday, breaking even. The locals hit Bemis hard and furiously in the third and pushed three runners over the plate. Then the visitors settled down to brilliant fielding and hard, aggressive batting, and the Benders failed to add another tally. In the fifth inning the Moulders scored their first two counts. In the sixth and seventh innings they added one tally each, the latter winning the game. Cantwell pitched the game for the locals and was touched for ten safe hits. Bemis tossed great ball and had excellent control except in the one off inning. Brilliant fielding helped to hold the scoring down on both sides.

In the fielding work Kihm was perfect, taking 16 fielding chances without a waver. Hadley was the handy man in the infield for the locals. Bemis' support was perfect, he being responsible for Newark's only error. Cantwell swung his willow with telling effect, helping the locals to score in the third and getting one other tap for extra bases.

The big sensation of the exhibition was Gray's long hit for a home run. Dolly got in another telling single, retrieving his batting average from yesterday's game, when he was robbed of several long drives tagged for extra bases. Craven got three singles out of four times up and did some clever base-running. The final score was 4-3. The last game of the series will be played here this afternoon. Newark goes on the road tonight, Sunday's game being the first of a series with the tail-enders at Terre Haute. Score:

CHANGES ARE PREDICTED IN LEAGUE RACE

Indications now are that there will be changes in the relative standings of several teams in the league in the next two weeks. Ft. Wayne has been steadily creeping up on Zanesville during the past week and yesterday's victory put the Potters down to third place.

Newark has been gradually coming back toward its former position beside the club at South Bend and yesterday's victory boosted us another notch. The next series will be with Terre Haute from whom the locals have already won two full series, while the Benders will be up against a stronger team in the Grand Rapids club.

That means a start upwards. Newark's playing in the last few days has been of a better class. The Waynes have gained four games on the Vets in the last four days and nine out of the last eleven. While Zanesville has dropped behind Ft. Wayne, the Porters have been advancing as well. If both teams continue the present form, the club standing will be badly muddled up in a few days, Dayton probably dropping behind.

STARS VS. CLERKS AT LOT SALE

Tomorrow afternoon, Halsey's Stars meet the B. & O. Clerks in a ball game on O'Bannon Ave. A purse will be presented to the winning team. The game will be called promptly at 2:30, at the Bella Vista lot sale. No admission will be charged.

Double Amateur Bill At Ball Park Sunday

Amateur teams are scheduled to play a double bill at Wehrle park tomorrow afternoon. The first game will be between the Olympians and the White Sox. In the second game the fast Winslow team of Columbus will be here to play the Athletons. The first game begins promptly at 1:30. The battery for the Athletons is Allen and McDermott.

MATINEE RACES.
The Newark Driving Association had its usual meet Thursday afternoon. The crowd was much larger than heretofore. The races were very exciting and considerable speed has been developed in some of the classes. There were five excellent races and all the prizes were hotly contested. Baby Lane and George Butts finished neck-and-neck in a very close race. Patsy B. won two heats out of three in Clas B. pace. Bran Ideal taking the first heat.

Thirty Years Together.
Thirty years of association—think of it. How the merit of a good thing stands out in that time—or the worthlessness of a bad one. So there is no guesswork in this evidence of Thos. Anns, Concord, Mich., who writes: "I have used Dr. King's New Discovery for 30 years, and it's the best cough and cold cure I ever used." Once it finds entrance in a home you can't pry it out. Many families have used it for forty years. It is the most infallible throat and lung medicine on earth. Unqualified for laryngitis, asthma, hay fever, croup, quinsy or sore lungs. Price 50c, \$1. BOOSTING CLUB IN ZANESVILLE

The Zanesville club is already making preparation for the series there which begins next Saturday. Booster's tickets have been issued and go on sale today, to add to the interest. The directors think that the attendance there has not been large enough for a team which has held a place at the top and has never but once fallen below second place. It will take a total attendance of 60,000 to break even in business. That will require an average attendance of over 1600 at the next twelve games.

New York: Unable to find the girl of his dreams in this country, Alfred R. Rissa, a broker, is speeding to Europe on La Lorraine, to search that continent for a bride. He admits that he's hard to please.

Leonard inexperienced.
Lessor, who was purchased by the Reds Thursday, is a very young fellow without much real experience. He has been doing fine work for Columbus, and it was a cinch that some big league club would grab him. Columbus is fighting hard for the pennant, and for that reason the deal was arranged so that he could play out the rest of the season there.

Red Sox Buy Two.
San Francisco, Cal., Aug. 19.—Manager Charles Graham of the Sacramento Coast League team, has announced the sale to the Boston Americans of Pitcher Herb Hyram and Third Baseman Jimmy Shin. Graham gets two players in exchange, but did not make public the amount of the cash consideration, or the names of players.

Toledo Sells Pitcher.
Toledo, O., Aug. 19.—James Baskette, Toledo's star pitcher, and one of the ablest slab men in the American Association, was on Friday sold to the Cleveland club. Baskette, who is a right hander, will not report until spring. The purchase price was not announced.

CLOSEST SHAVER ON THE "UMPS" GETS A DINNER

Unrelieved gets the palm for a unique ball game. Bulls have been posted there announcing a game in which prizes will be given to every body but the umpire. The first player making a home run will be presented with a Stetson hat, a hair brush, a fine razor, a five dollar watch box, a fancy pipe, and if the hit goes far enough into right field, he knocks down a dozen photo post cards.

Various business men in the town have offered prizes for nearly every batting and fielding stunt possible. The player who knocks the ball nearest the umpire's head gets a fine supper at Roll's. Picture the first man who comes to the bat. According to the rules if he gets a hit, down comes a hair-brush. On reaching first he is handed a box of cigars. The next man up sacrifices him to second and gets shirts laundered to the amount of \$1.00. The fielder making the stop gets a pocket knife and the first baseman draws a box of cigars. The first runner steals third and is handed a leg of lamb, and as he slides to the bag a nice bouquet awaits him. As he dashes madly to the plate for the first tally, behold a box of cigars and a fifty pound sack of Royal Blend flour. In the meantime the pitchers are contesting for a Rhode Island Red Cockerel, valued at \$10.00, to be given for the largest number of strike-outs. The contest is alleged to be an exhibition of the national game. It takes place on August 19th, the teams representing the Elks and K. of P's.

Ottumwa Sells to Big Leagues.
Ottumwa, Ia., Aug. 19.—The Ottumwa Central Association club yesterday sold Third Baseman James Wall to the Birmingham Southern League club. Pitcher Boyd has been sold to Cincinnati, and Outfielder Senne to the Chicago Americans.

Is "Ty" Cobb resting up to preserve his high batting average? He did the same thing last season when Larry Lajoie was pressing him so hard.

BOX AT MT. VERNON

The Mt. Vernon Athletic club has arranged a boxing carnival for Labor day. The main event will be a 10-round bout between Johnny Albanese of Columbus, and Johnny Dunn of Newcastle. The semi-windup will be a 10-round bout between Harry Sully, the Columbus lightweight, and Joe McGinnity of Cleveland. Albanese and Sully are now busy training for their respective bouts. Albanese will box at 122 pounds at 3 o'clock, while Sully will box at 133 at 3 o'clock.

SHORT SPORT

Twenty-seven ball tossers played 57 varieties of baseball in Chicago, the White Sox finally triumphing the world's champions 7 to 5.

Charley Murphy has traded Cliff Curless, former Bostonian, to Philadelphia for Jack Rowan, former Cincinnati. Neither side received the worst—or best—of the trade.

The toboggan has been well greeted and the Tigers led thereto. To the average onlooker it would seem the rollers had been applied to make the down-going even smoother.

It was that seven teams in the American League couldn't even see up to where the Tigers were roosting. Now even the Speedboys have a chance of passing them.

Cleveland turned the tables on the Yankees, driving Fisher off the slab, while Krapp held the hilltoppers safe, winning out 5 to 4.

Cy Young, the grand old man of baseball, has returned to the scene of his former triumphs and will report at once to the Boston Nationals. Here's hoping he wins all the time. Baseball can stand for a few more good old Cy Youngs.

The Beaneaters soon will have the Cubs down where ordinary ball teams can take a crack at them, yesterday's 5 to 2 victory being the second of the series.

Seventeen million dollars reward hereby is (not) offered for an explanation of Frank Chance's method of disciplining players. He has thus far suspended Zimmerman and Tinker "for the balance of the season"—and both are playing yet.

The palmy days of the drama were when eggs cost too much to throw away.

FIREMEN'S DRILL TOWER.

Structure Designed For Training Fire Fighters.

A seventy-six foot drill tower for firemen has been erected by the city of Los Angeles, following the lead of other progressive municipalities, and classes of "smoke eaters" are practicing feats of agility on it every day. In this way they will know just how to handle the scaling ladders, life nets, life line gus and other modern devices instead of having to take their lesson during actual conflagrations. The tower has the height of a seven story office building, but is only about twelve feet square. It is built of wood and provided with window openings, standard fire escapes, standpipes, etc., and provides an opportunity for the inexperienced firemen to learn their business, besides enabling their superiors to weed out those members of the force who do not show sufficient strength or agility to render efficient service. The practice with the scaling ladder is one of the most important, and the men are taught to mount from floor to floor with military precision of movement. It is essential when a crew is working together for each man to do his part "just so," and when four are sent up together with the ladders a fire captain directs their movements with a whistle and insists upon absolute accuracy of each movement. If a man uses the left hand when he should use the right, or vice versa, he is given a "calling down" until he does it right. The firemen are required to slide down the rope from the top of the building.—Popular Mechanics.

MEN USING SCALING LADDERS.

The Metal of Fashion.
Jewelers have decided that platinum is hereafter to take the place of gold as the precious metal of fashion, so cheap and common has the once precious metal of antiquity become. "What," asks an editorial writer in the New York Tribune, "is to become of the golden wisdom of our proverbial philosophy?" Indeed, the proverbial and literary consequences of the change are found more formidable than may appear at first blush. "Silence," it is suggested, "may turn from golden to platinum in the speech of our descendants. But they will continue to quote Shakespeare's beauties unchanged, to speak still of gilding refined gold, as well as painting the lily, to be as rich in her hour of happiness as twenty seas, if all their sands were pearl, the water nectar and the rocks pure gold."

Wells of South Dakota.
East of the Missouri river in South Dakota, it is estimated, more than 1,000 artesian wells now exist, drawing their water from the supply carried by the underlying sandstone formation and supposed to come from the Black Hills and the Rocky mountains. These wells, used mainly for irrigation purposes, are from 500 to 1,000 feet deep, and the pressure of water in the eastern part of the state is sufficient to give a surface flow, except on the highest lands. One well yields 3,292 gallons per minute and furnishes power for a flour mill by day and for an electric light plant by night. The development of this source of water supply is still going forward.

Radium in Medicine.
According to experiments made by Professor Danne of Mme. Curie's laboratory and other scientists radium can be introduced into the tissues by what resembles an electrolytic method. Rabbits and cows, also persons, were operated on, and the radium passed into the tissues without injury to the skin. The penetration is independent of the blood circulation and goes in to some depth and the effect lasts for quite a time, so that cures can be made. In this way. Some of the curative effects of the radium were quite remarkable, as was brought out by Dr. Haret at a recent meeting of the Academie des Sciences.

Electroplating Glass.
Decorating glassware with electroplated designs has been followed in Germany by a similar process applied to porcelain. Finely powdered graphite is added to a solution of alkaline silicate, in which the powder remains suspended, and a design traced with this on the porcelain forms a conductive coating, on which an electroplate deposit can be made in the usual way. Silver is usually employed, though nickel may be used. Platters, bowls, tea sets, coffee sets, turkeys and other dishes of porcelain can be ornamented, and it is claimed that they wear better than either solid silver or plain porcelain.

UTICA LIQUOR CASES HEARD IN COURT TODAY

The Utica liquor cases set down for trial before Judge Seward Friday were called.

In the case of Spot McCann one witness was called. He testified that he had purchased a pint of whisky from McCann, who testified that he had not sold any liquor to him. Judge Seward dismissed the case.

The case of Charles Ames was called and was being held for want of witnesses. In the meantime Ames pleaded guilty and was fined \$150 and costs of prosecution. L. C. Russell appeared for the defendant.

The case of the State of Ohio against Otto Gooding was called and he stood trial and was convicted. The court fined him \$500 and costs of prosecution and that he be put under \$1000 bond to remain out of the business, and the barn in which he did business was declared a nuisance.

The cases were prosecuted by Attorney A. S. Mitchell.

The regulation four-in-hand tie in all the new colors of silk and other materials is worn with the linen collar and strictly tailored shirtwaist this season. These ties are also tied with a loose knot caught by a colored silk ring. Color is used to quite an extent in tailored neck wear in various touches, either in the trimming or in the material. There are also many pretty novelties in bow form.

The fichu and the jabot continue to dominate the neckwear situation in the shops. Table after table is piled with fluffy whiteness and amazing bargains are to be picked up now in graceful fichus and the one-sided coat frills which are so smart.

The sailor collar, made of sheer lawn or organdie with an inch-wide hem at the edge, is a pretty addition to cotton frocks in dainty coloring and these collars are matched by cuffs which suggest the deeply hemmed organdie cuffs worn by a widow.

Silk and satin bows in combination with white lace are popular. Black satin and white lace, or satin of color and lace are in many attractive forms. Novelties in the form of flowers and fruits are worn at the base of the high collar to give an effective touch of color. Black velvet is the favored foundation for these little novelties, and the flowers or fruit of ribbon are attached to it or are arranged in dangling form.

Tailored stocks and jabots are made from both white and colored handkerchiefs, to be worn with a colored collar or a collar with a touch of color matching the jabot. Cut off a small corner from each handkerchief to make a tiny bow at the top. Use the three-cornered section of both handkerchiefs to form ends of the jabot.

Mrs. Baldwin and Miss Irvine entertained at bridge on Wednesday afternoon in honor of their niece, Mrs. A. C. Dickinson of New Castle, Pa.

The spacious rooms were beautifully decorated with flowers, the gifts of Mrs. A. D. Bunn, Mrs. Peterman, Mrs. Arndt and Miss Edith Rogers.

The guests of honor were Mrs. Wright of Newark, Mrs. Fred Black of Newark, Mrs. Fink of Pittsburgh, Mrs. Congdon of Milwaukee, Wis., Mrs. Dickinson of New Castle, Pa., Mrs. U. S. Grant of Chester, Pa.

Handsome souvenirs were awarded Mrs. Grant, Miss Pyle, Mrs. Peterman, Mrs. Wright, Mrs. Willard Armstrong, and Mrs. Fink. The ladies were ably assisted in entertaining by Miss Sara Grant of Chester, Pa., and Master Bishop Dickinson of New Castle, Pa.—Mt. Vernon Republican News.

Mr. and Mrs. Charles Balch, Jr., entertained Thursday evening in honor of Miss Genevieve Kates of Newark at 6 o'clock dinner. The following guests were present: Mr. and Mrs. John McDowell, Miss Emma Goss, Mr. and Mrs. Lewis Mirise and Judge Balch. After dinner was served the evening was spent socially.—Coshoot Daily Times.

Mrs. C. W. Davis of West View, left yesterday for Buckeye Lake for a week's visit as the guest of Mrs. Arthur Smith of Byesville.—Cambridge Jeffersonian.

Mr. and Mrs. Walter Livingston of Granville are visiting Mr. and Mrs. James Bonham of South Main street. Mrs. Livingston, who has been seriously ill, is improving. Mrs. Livingston is a former teacher in the Piqua public schools. She has many friends in Piqua, who will be glad to learn that she is on the road to recovery.—Piqua Daily Call.

A number of Newark people enjoyed a picnic at the country home of Mrs. L. A. Barnes of Alexandria. Dinner was served in the woods near the home, and a pleasant day was spent.

Those in attendance were: Mesdames Charles Root, F. A. Needham, John Lippincott, W. D. Welker, Susie Frisbie, C. E. Ballou, John C. James, Willis Smith, Paul Fatig, Walter Holler, C. F. Imhoff, E. P. Recipes for August 20, 1911.

Crumpets. Scald one pint of milk. Dissolve in it one scant teaspoonful of salt and two tablespoonfuls of butter and pour into a bowl. When lukewarm add one-half of a yeast cake, salt and two tablespoonfuls of butter warm water and sufficient sifted flour to make a thin drop batter. Beat hard for five minutes, set the bowl in a pan of hot water; cover with a cloth and set aside in a warm place to rise. When very light fill a well greased hot griddle with greased rings; the regular crumpet ring is about twice the size of a muffin ring. Pour sufficient batter into each ring to fill two-thirds full and set the griddle where the crumpets will color on the other side, slip off the rings and serve on a warm plate. They may also be torn open, spread with butter and slightly toasted before serving.

Pot Roast of Beef. Select a solid piece of rump or lower round of beef, weighing from six to eight pounds. Rub the bottom of a hot iron pot with bit of suet, put in the meat, which has been wiped, and dredged with salt and pepper; place the pot over a moderately hot fire and brown slowly, turning often to see that it is well colored on all sides. When thoroughly browned add one cupful of boiling water, one teaspoonful of salt, one-quarter of a teaspoonful of pepper and two cloves, cover closely and simmer steadily for four hours, adding a little boiling water from time to time as the first quantity evaporates. When done lift the meat to a hot platter and draw the pot forward where the liquor will boil. Stir and pour in gradually enough flour blended with cold water to slightly thicken. Taste and add more seasoning if needed. Boil for five minutes, pour a little over the meat and serve the remainder in a boat.

SUMMARY OF WHAT CONGRESS HAS DONE

Campaign Material for the Democrats Will Be a Plenty in 1912.

Washington, Aug. 19.—After five months and four days of almost unceasing grind, the congress of the United States was today able to show but two big legislative measures made into law—the Canadian reciprocity bill and the campaign publicity bill.

The reapportionment bill, fixing the membership of the house at 433, was another finished product turned out in the five months.

The Democratic leaders were enthusiastic over the campaign material they have fashioned over the past session in the extra session.

A great scheme of tariff revision which the Democrats declared, "would cut down the tariff tax on the people," has crumbled to dust under the president's veto. Two Democratic tariff bills, one revising the wool schedule and another placing meat and bread on the free list, have been lost in the shuffle.

ADD TO YOUR PERSONAL ADORNMENTS

By the Use of Newbro's Herpicide.

A pretty woman may enhance her beauty and a plain woman become so looking by the proper care of her hair.

Nice hair, pretty hair, growing on the head it adorns, is one of nature's greatest beautifiers. The kind of hair which always makes us look the second time, follows the use of Newbro's Herpicide and is possible for every woman.

Regular applications of Herpicide kill the hair-destroying dandruff germ, keep the hair from coming out and add to it that luxuriance, snap and luster which are essential to hair beauty.

Newbro's Herpicide is the Original scalp prophylactic. All other hair remedies claiming to kill the dandruff germ are simply trying to trade upon the reputation of genuine Herpicide.

Applications may be had at good barber shops and hair dressers.

Send 10c. in postage to The Herpicide Co., Dept. R., Detroit, Mich., for sample and booklet.

HAD SALT-RHEUM FOR MANY YEARS

Doctors Failed to Cure Him—Goodhall Soap Did the Work in Three Days.

"For a long time I have suffered and been annoyed with a breaking out on the back of my hands. The doctors called it salt rheum. My hands were in such an awful condition I was ashamed to have them seen, so I did not have a pair of old gloves on I would keep my hands in little samples of Goodhall Soap, requesting me to try it. The first application of the back of this wonderful Soap gave me benefit and in three days' time my hands were entirely well."

**CONSPIRACY
AGAINST
PURE FOOD**

If the charges made on the witness
stand in Washington Wednesday by
Harvey W. Wiley, the people's doc-
tor, are true, there was a conspiracy,
participated in by majority members
of the federal food and drug inspec-
tion board, to practically nullify pure
food laws and to permit the drug and
food trusts to sell adulterated and
poisoned products, free from certain
restrictions.

Dr. Wiley testified that he has sur-
rendered practically all of his author-
ity for enforcing the pure food law to
Dr. F. L. Dunlap, associate chemist,
and George P. McCabe, solicitor of the
agricultural department. Overruled
in two-thirds of the cases he has
brought before the food and drug in-
spection board, composed of these two
men and himself, he declared he had
found it useless to appeal to Secretary
Wilson and had not even received an
answer to one of the most important
appeals he had made to the secretary.

Will Dr. Wiley meet the same fate
that came to former Forester Pinchot?
That officer was discharged because he
sided with the people in the fight they
were waging to prevent millionaires
gobbling up public domain.

Dr. Wiley has been battling for the
people in the fight against the food
and drug trusts, which are seeking to
escape an impartial enforcement of the
pure food laws.

His case was parallel to that of Mr.
Pinchot's. It was the president's
duty to retain Mr. Pinchot. He should
retain Dr. Wiley and discharge those
conspirators who tied him hand and
foot.

The monetary commission, accord-
ing to a treasury report, has expend-
ed \$207,130.48 of the people's money on
European travel, meetings at famous
summer resorts, on manuscripts, book
translations, monographs and mem-
bers' salaries. As a fresh air fund to
promote the recuperation of lame
ducks, the commission is manifestly a
big success. To this end witness the
meeting of the commission at Nara-
gansett Pier in July, 1909. It takes
monetary backing to go to Narran-
gansett in July. The bill was \$3,493.74.

**SPLENDID MEETING OF
THE DEMOCRATIC CLUB**
It's Object Was Well Defined by the Speakers Who
Urged That There be a Full Vote at
the Democratic Primaries.

That was a splendid meeting of active, intelligent
Democrats at the Licking Club rooms Friday night, pre-
sided over by Chairman George W. Horton. It was en-
couraging to see among the good attendance the familiar
faces of those Democratic workers, whose active partici-
pation in the notable campaign of last fall won such an
overwhelming victory. Their presence showed the inter-
est they have in the object of the meeting, which is to
arouse the Democratic sentiment and promote in every
way possible a large turn out of the voters of the party
at the coming primary elections.

It is universally recognized that the larger the vote
at the primaries, the more certain will be the nomination
of a ticket that every Democrat will cordially support at
the election.

A large turn out of Democrats at the primaries
means the nomination of a ticket that will be certain of
success. It means also that men will be nominated
whose election will insure the people of the city an ad-
ministration that will be creditable in every business
view and meet with unmistakable popular approval.

Several speakers showed the necessity for the
voters to acquaint themselves with the new ward lines
and the new precincts in which they now reside, so that
they will know the places where they are to vote on the
day of the primaries, Tuesday, September 5.

Every speaker at the meeting was actuated by his
interest in the success of the Democratic party, and every
one dwelt upon the fact that a large vote at the primar-
ies means the nomination of a ticket that will assure that
success.

The Youngstown Vindicator makes
a cutting criticism of Congressman
Whitacre of Canton, who seems to
have been elected by accident in last
fall's tidal wave. The Vindicator
points out that Whitacre has stood
with the Republican stand-patters in-
stead of with the Democrats on all
the leading tariff questions during
the present session, and gives him
this shot: "Dear guileless man, how
easily have you fallen into the ad-
versaries' trap, specially baited for
gudgeons."

**COMMISSIONERS
GET 15% INCREASE**

Following is a copy of the law
abolishing the office of county in-
firmity directors.

The law was passed by the late
legislature May 31, and became a law
with the signature of Governor Har-
mon on June 8. It provides the officers
now in office shall serve out terms
which expire January 1, 1913. The
new law takes effect after that.

The provisions of the act are set
out in the first section, which says:

The board of county commissioners
shall make all contracts and purchases
necessary for the county infirmary
and prescribe such rules and regula-
tions as it deems proper for its man-
agement, and good government, and to
promote sobriety, morality and indus-
try among inmates. The commis-
sioners shall keep a separate book in
which the clerk or if there is no com-
missioner's clerk, the county auditor
shall keep a separate record of their
transaction respecting the county in-
firmary which book shall be open at
all times for inspection.

The law further recites that the
commissioners shall elect the superin-
tendent of the institution who shall
give bond, that the county commis-
sioners shall file all yearly reports of
the institution, shall contract for med-
ical relief, etc.

The law is an exact reproduction of
the present infirmary law except that
it gives commissioners all the power
the infirmary directors have.

The commissioners will be entitled
to an increase in salary of 15 per cent.

Japan's sea-fighter was overcome by
American hospitality and compelled to
cancel all engagements in Boston and
vicinity in consequence of an attack
of acute indigestion on his arrival
there from New York. The victories
of peace are said to be greater than
those of war; and batteries of "extra
dry," flanked by cold storage turkey
may put warriors out of action for
whom batteries of 12-inch guns have
had no terrors.

One thing that is perfectly appar-
ent in the pure food controversy is
that millions of dollars are involved in
adulteration or misbranding, and
there is no money at all to be made on
the other side. Dr. Wiley's testimony
indicates that some of the people in-
terested in using fancy names on their
packages have been extremely busy,
and were ready to pay liberally for
any testimony from chemists that they
could make use of.

REGISTRATION DAYS

Two registration days will occur
before the primaries—Wednesday,
August 30, and Friday, September 1.
All new voters and those having
changed residences since last voting
will be required to register or get a
transfer.

BUTTER KRUST

SHORT AND SWEET.
Milwaukee, Wis., Aug. 19.—Fred-
die Hicks, the Detroit middleweight,
made short work of Billy Simms of
Akron, O., Tuesday, in their sched-
uled ten-round bout at Monroe, Wis.
When the bell rang, the men rushed
out of their corners. Hicks planted
two lefts to the stomach and a right
to the jaw, and it was curtains for
the pride of Akron. The fight lasted
just 30 seconds.

Hicks is well known among fight
fans of Newark, having appeared here
two years ago in a series of bouts at
the Auditorium.

USELESS DOINGS.

There is no use in cussing when things are going wrong, for
saying things and fussing won't bring good luck along. If fortune
treats you meanly you'll find that it'll pay to go around serenely and
smile the good old way. There is no use repining if you have got
an ache; there is no use in whining as though your heart would
break. It's best to sit and suffer your little pain and grin; your
luck might be much tougher than it has ever been. Sometimes the
gods correct you, and if you give no screech, your neighbors will re-
spect you, and say that you're a peach. There is no use in ranting;
the quiet man is best; that mouth is most enchanting which often
takes a rest. Just do some silent thinking while joggins on your
way; so many tongues are clinking and clanking all the day!

SUMMER COLDS
Are Considered by Doctors More Dan-
gerous Than Winter Colds.

A person is quite as apt to catch cold
in the summer as in the winter, but it
is harder to cure a cold in the summer
than in the winter. In winter the bracing
air assists the remedy to overcome the
cold, but the sultry, depressing
weather of summer retards the cure of
colds.

The public is much interested in
knowing a remedy that will successfully
cope with summer colds. A remedy
that covers just such cases is Peruna.
Experience has taught that it is the one
remedy that promptly expels sum-
mer colds of every character and de-
scription.

Miss Ivy Gray, Fairview, Ky., says:
"I have taken Peruna, and would say
that it is the best medicine for coughs
and colds I ever saw. I find that it
always cures a cold in a short while. It
also strengthens and builds up the sys-
tem."

**NEWARK'S NEW WARDS
AND PRECINCT LINES**

Board of Elections Will Transfer Voters' Names to
New Precincts--Those Voters Must Register
Who Have Moved or Become of Age
Since Last Election.

The Board of Deputy State Super-
visors of Election at a recent meeting
decided to rearrange the voting pre-
cincts in the city to conform with the
wards, of which there are now six in-
stead of four as formerly. In the re-
arrangement there are 28 Precincts in-
stead of 25 in the city of Newark. They
are as follows:

FIRST WARD.
No change in precincts.

SECOND WARD.
Precinct A—No change.
Precinct B—No change.

THIRD WARD.
Precinct A—Formerly Precinct F, of
the old second ward.
Precinct B—Formerly Precinct E, of
the old second ward.

FOURTH WARD.

tersection of the West Fork of the Raccoon
Creek and West Church street.
Bounded on the north by Church street
to the west line of the old cemetery,
on the east by the west line of the
cemetery to West Main street and a
line to the canal on the south by the
canal, west to the creek, and along the
creek to the place of beginning.

FIFTH WARD.
Precinct A—Formerly Precinct A of
the old fourth ward.
Precinct B—Formerly Precinct B of
the old fourth ward.
Precinct C—Formerly Precinct G of
the old fourth ward.
Precinct D—Commencing at the in-
tersection of Granville street and the
west corporation line. Bounded on the
north by Granville street to an alley
opposite Buckingham street, on the east
by an alley and Wilkins street to Co-
lumbia street and an alley from Colum-
bia street to Locust street at Eighth
street, on the south by Locust street to
Tenth street, along Tenth street to Co-

**CYCLONE NO EXCUSE;
COUNTRY BE DARNED**

Washington, Aug. 19.—[Special.]—
Guessing about the probable date of
adjournment of the extra session of
congress has been a real game for a
week and has filled the minds of most
people in Washington to the exclusion
of most of the business of the session.

Even Chairman Underwood could not
give a very accurate estimate of the
date, although it is supposed that the
house leader generally knows.

As usual, the senate was the uncer-
tain quantity, for few persons can tell
what the senate will do. Sometimes a
senator promises to talk for weeks be-
fore he will permit an adjournment,
and the next day the senate adjourns
while he is in his committee room.

Nothing but Political Capital.

No one could maintain that the con-
tinuance of the session of congress
was for anything but political pur-
poses. In fact, it has been known for
months that when the reciprocity bill
was through the work of the extra ses-
sion was completed. President Taft
let it be known that he was not anx-
ious for other legislation, and vetoes of
the tariff bills were predicted with
confidence by those close to the ad-
ministration.

Of course the Democrats did not in-
tend to stop with the reciprocity bill,
and in sending different tariff bills to
Mr. Taft they were carrying out their
program. In trying to keep the session
going in order to send other tariff bills
to Taft the insurgent Republicans
were carrying out their program.

Three Corners Fight.

The session presents a three cor-
nered political fight. President Taft and
the Republicans who have been stand-
ing by him have been making capital
out of their position on the reciprocity
bill; the Democrats have been making
political capital out of supporting tar-
iff reductions; the insurgents have
been making political capital in help-
ing the Democrats pass the tariff bills
—that is, all think they have been
playing good politics, aside from the
real patriotism they may have as a
covering for the political game.

Moss in the Limelight.

Congressman Moss of Indiana is one
of the few men to make a bit during
the early part of his second term. It
fell to his lot to be made chairman of
the unimportant committee on expendi-
tures in the agricultural department.
Although every one of the nine "ex-
penditures" committees became active
during the extra session, it was the
one on agriculture that happened to
get the plums.

No better subjects for advertising
purposes than Dr. Wiley and pure
food could have been obtained, and as
the committee progressed it was
shown that Congressman Moss knew
his business and could manage an in-
vestigation. It was supposed at the
beginning of the investigations that
the postoffice and interior departments
would furnish sensations, but they
have been far overshadowed by the
Wiley inquiry.

Price of Indian Lands.

There was a question in the house
about the price of lands, or, rather,
the price paid to the Indians, which
Fitzgerald of New York thought was
too low.

"Can the gentlemen tell us what
the Indians received for Manhattan
Island?" asked Burke of South Dako-
ta, who has many Indians in his state.

Fitzgerald was stumped and for a
time he was greeted with jeering
laughter. Then he replied that he was
not there at the time. "If you know
you may tell us," he said. Burke said
the Indians received \$24.

"They were overpaid," responded
Fitzgerald. But it must be remem-
bered that Fitzgerald is from Brooklyn.

Scramble to Save Lemons.

It was amusing to see the haste
which the California men made to
have the duty on lemons. By execut-
ing a flank movement Chairman Un-
derwood had lemons included in the
free list bill. Then the men from Cal-
ifornia and in California "got a move
on," so to speak, and had the wires
busy telling what a great injury free
lemons would be to growers.

When the last tariff bill was passed
Senator Flint became a member of
the finance committee for the express
purpose of boosting the duty on lemons.
The increase was bitterly fought
by Senator Root, and he would have
succeeded if Senator Aldrich had not
enlisted southern recruits to support
the high lemon duty.

The whole affair would be more
amusing now if there was a proba-
bility of the free list bill becoming a
law. Another feature of the lemon
duty is that the railroads added the
increased duty to their freight rates
and the growers received no real bene-
fit. At the same time they do not
want lemons placed on the free list
and are making frantic efforts to pre-
vent such an outcome.

**MANY GUESSING

Even Chairman Underwood Could

SENATE WAS REAL PROBLEM.

No One Knows What That Body Is
Likely to Do—Extra Session Con-
tinued Solely For Political Effect, as
Democrats and Insurgents Had Pro-
gram They Wanted to Carry Out.

Silence!

The instinct of modesty natural to every woman is often a great hindrance to the cure of womanly diseases. Women shrink from the personal questions of the local physician which seem indelicate. The thought of examination is abhorrent to them, and so they endure in silence a condition of disease which surely progresses from bad to worse.

It has been Dr. Pierce's privilege to cure a great many women who have found a refuge for modesty in his offer of FREE consultation by letter. All correspondence is held as sacredly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.

Dr. Pierce's Favorite Prescription restores and regulates the womanly functions, abolishes pain and builds up and puts the finishing touch of health on every weak woman who gives it a fair trial.

It Makes Weak Women Strong, Sick Women Well.

MAYOR GETS LETTER FROM FAR OFF INDIA

The mayor of Buckeye Lake, Oriel C. Jones, who is serious in his candidacy for mayor of Newark and is seeking the Republican nomination, has just received a letter from his friend in far-off India, Gangadhar Rao Gargey, acknowledging receipt of a letter from Newark on June 29. The letter said in part:

"Before opening the letter I thought it was from my cousin in England, as it bore a foreign postmark. With the letter were two photos and a copy of the Newark Advocate. It was great satisfaction to learn you have not forgotten your Indian friend. I was so glad to learn of your having become a grandpa. State, due to the ignorance of the people. But a reaction has taken place since India has come under English rule. The Americans and Europeans have invented so many useful things which really elicit the admiration of the civilized world. We hope that India might follow in their footsteps in learning and science. . . . Montelle Watha (or Wacha) is not of my province and I know nothing of him or his family. He seems to be a Parsi living in Western India. . . . A few months passed a daughter has been born to me. She is doing well. Kindly write to me."

To this letter Mr. Jones today sent the following reply, sending also a number of photographs and souvenirs:

Dear Friend: Your letter duly received and glad to hear from you. Also I have good news for you. My sister, Irene C. Jones, with her two cousins, Mr. and Mrs. Alfred Wilson of Columbus, O., will in a few months start on a trip around the world, and I am sure if they can make your city in their trip around the world, will be glad to stop off and make you a short visit, as I know they will be well cared for while your guests. I will send you a photograph of the party, so you will know who to look for when they arrive in your city. Any service or favors you can show them will be very much appreciated by us all.

I am glad to note the arrival of a daughter to your family, and I have the pleasure to again inform you that I am a granddad, too. No. 2, a fine boy, now 5 months old. They tell me it looks like its granddad, quite a compliment to me, but a blow to the boy.

I am now very busy with my business cares, as I am a candidate for mayor of our city, and if I am elected I will see that you are cared for when you make me a visit, for you surely will have the keys of the city, and if I am not elected I will take you to the Lake, where I have been mayor for four years, and you shall have the finest carp dinner the water will produce. Since our return home one of our party has been taken home, Mr. Frank Kennedy, who passed away a few months ago, and Mrs. Spencer has been critically ill, but is now on the road to recovery. Our country U. S. has had a very hot summer, the hottest one for many years, and crops have suffered much, but the wheat and corn promise a good yield, and we will not suffer for food.

I have not got the fever for an aeroplane yet, for the chances up in the air are so uncertain about lighting that I prefer to stick as close to the earth as possible. I have a very nice 7-passenger Studebaker automobile of 40 horsepower, which we all enjoy very much, but recently when cleaning it the electric spark got in the gasoline and it took fire and for 30 minutes we were busy putting it out. I enclose you a clipping of the accident. I can not think of any more to write you in this letter, and hope you will, when you find the time, drop us a line. With kind regards to you all, I am, yours, O. C. JONES.

BAPTIST PICNIC.

On Tuesday, August 22 at Mountbushers Park, the Fifth Street Baptist church and Sunday school will observe their annual outing. This picnic will be in the nature of a "home-coming," and everybody who has ever been an attendant of this church or school is urged to be present. Not only are the members of the church and school expected to be on hand, but everybody will be welcome.

The dinner committee, under the leadership of Mrs. Samuel Sachs, request that everybody bring a well filled basket and leave it with the committee. Promptly at 12 o'clock the entire assemblage will be served, making one immense family dinner party. The committee on sports promise all sorts of fun and entertainment for the young, the old and the middle-aged, so that no one will be missed. This is to be by far the best picnic ever held by this church and Sunday school, and friends from the country, as well as those living in the city, are most cordially invited to be present. The next big day among the Baptists, will be "Rally Day," which will be observed on the last Sunday in September, and at which time it is hoped and expected that the Sunday school room will be filled to overflowing. Plans are already under way to make this the biggest and best day in the history of the school, and everyone is invited to assist in this.

GRANVILLE

Granville, Aug. 19.—Mr. and Mrs. Walter J. Livingston have gone to Piqua. Mr. Livingston, who was formerly physical director of the Y. M. C. A. at Newark, will soon take up his work at Denison university as director of athletics. He will remain in Piqua for a short time when he will make a trip through the east, visiting a number of the most prominent colleges for the purpose of studying the methods used by eastern coaches.

Mrs. Hannah Debold of Fostoria is making a short visit with her aunt, Mrs. Emma Jones and other relatives.

Preparations are making for the entertainment of the delegates and others who will attend the District Y. W. C. A. convention, which is to convene here next Tuesday for a ten days' session. It is expected that there will be at least two or three hundred young women in attendance at the convention. While here they will occupy the dormitories and take their meals at the Shephardson dining hall.

On Sunday the Rev. Thomas L. Kierman will occupy the pulpit of the Presbyterian church, both morning and evening. Rev. Mr. Kierman for some time was the pastor of the Plymouth Congregational church of Newark.

Mr. and Mrs. J. C. Featherolf have the sympathy of their many friends in their sad loss—the death of their three months old twin babies. The little son died three weeks ago and the daughter last week. Mrs. Featherolf was formerly Miss Maggie Jones, daughter of Mr. Jenkin Jones of this place.

Mr. and Mrs. Frank H. Jamison of Franklin county, who have been visiting relatives and friends in Granville and vicinity during the past week, returned home Friday, having had a most enjoyable visit.

Mrs. C. W. Cummins and two sons of Hanover, who have been visiting friends in the village for a short time, have returned home.

Prof. and Mrs. W. A. Chamberlin, who have been spending some time in Northern Michigan, have returned home.

Homer Johnson is visiting friends in Pittsburgh for a few days.

James Simpson of Columbus has been spending a few days with friends in the village.

The members of the Presbyterian Sunday school held their annual picnic at Cat Run on Friday. They went out in large hay wagons and other vehicles, and a day of genuine pleasure was participated in by the young people as well as by the older ones. The features of the day was the splendid dinner that was served.

Miss Oniska Yingling, after a most enjoyable visit with friends in Ashland, O., has returned to Granville and has resumed her duties at the Tea Cups.

Mrs. Thomas Vandenberg and daughter, Mrs. Claudia Shriner, and Miss Minnie and the younger children, are at Summerland Beach where they have taken a cottage.

Mr. Henry Palmerton, who has been ill for some months, is again on our streets.

STOLE \$2; LOSES LEG AND GETS 30 DAYS IN JAIL

Columbus, Aug. 19.—Having lost his leg as a direct result of the theft of \$2 and having been in the hospital since May 21, Edward Jackson was today brought into court for further punishment for his act. Last May he was sentenced to a term of 30 days in the county jail. He was pursued by an officer and was shot in the leg. The wound was such that the leg had to be amputated. Today he was given 30 days in the county jail.

Terryville, Conn.: Death, too, was a victor when Chas. Wheeler, veteran harness driver, crossed the finish line, piloting a winner. As he passed under the wire Wheeler dropped from the sulky, dead.

HEALTHY MOTHERS

Women who bear children and remain healthy are those who prepare their systems in advance of baby's coming. Unless the mother aids nature in its pre-natal work the crisis finds her system unequal to the demands made upon it, and she is often left with weakened health or chronic ailments. No remedy is so truly a help to nature as Mother's Friend, and no expectant mother should fail to use it. It relieves the pain and discomfort caused by the strain on the ligaments, makes pliant and elastic those fibres and muscles which nature is expanding, prevents numbness of limbs, and soothes the inflammation of breast glands. The system being thus prepared by Mother's Friend dispels the fear that the crisis may not be safely met. Mother's Friend assures a speedy and complete recovery for the mother, and she is left a healthy woman to enjoy the rearing of her child. Mother's Friend is sold at drug stores. Write for our free book for expectant mothers which contains much valuable information, and many suggestions of a helpful nature.

BRADFORD REGULATOR CO., Atlanta, Ga.

UNIONISM IS ONLY REFUGE FOR LABORER

Clarence Darrow Writes of Labor Conditions in 'Current Magazine.' Assaults Open Shops.

New York, Aug. 19.—Against the efforts of the employers and the laws of trade to replace the skilled with the unskilled, the intelligent with the ignorant, the strong with the weak, the man with the woman, and the woman with the child—against the tendency of the market to lengthen the hours to labor, to furnish cheap and unsafe tools and unsanitary conditions of toil, there is but one aggressive, substantial force in modern society today," Clarence Darrow, the noted Chicago labor attorney, will say in the September American Magazine. "That force is trades unionism."

"Through all the changing years, the working classes have supported and built up their unions in the face of legislatures and courts, in spite of starvation and jails, in spite of reputation and good. And just as persistently have the employing class, as a class, sought from the beginning, by every means at their command, to destroy these workmen's organizations. And while we admit their shortcomings have been many, we must realize that all of their methods have been borrowed from their employers—have been brought about by the natural instinct to preserve life in a fierce competitive industrial struggle—a brutish struggle which is not ethical, but which is selfish to the core."

Darrow, who is making the last fight of his lengthy career as a lawyer in behalf of the McNamara brothers, accused of having blown up the Los Angeles Times, bitterly assails the various associations of employers who are fighting for the "open shop" principle. He insists that the last great industrial struggle everywhere is to hinge on the closed shop, which, he says, is "the masters' final citadel of refuge, its possession most eagerly desired, most violently opposed."

Accused of Stealing.
E. E. Chamberlain, of Clinton, Me., boldly accused Bucklen's Arnica Salve of stealing—the sting from burns or scalds—the pain from sores of all kinds—the distress from boils or piles. "It robs cuts, corns, bruises, sprains and injuries of their terror," he says. "As a healing remedy its equal doesn't exist." Only 25c at F. D. Hall's.

BUTTER KRUST PURITY

During a severe electrical storm Saturday night, lightning struck a mare belonging to Jacob Baker and injured her so she may die. Though able to walk unsteadily, she is blind in one eye and deaf. The mare was valued at \$225, which price Mr. Baker paid for her but a short time ago. During the same storm, a barn belonging to William Herrold was burned with all its contents, consisting of hay, farm implements, harness, etc. The loss was partly covered by an insurance of \$400.

Two horses belonging to Elisha Mills were grazing in a field Sunday, when one of them kicked the other into a barbed wire fence, inflicting a wound that required several stitches. Mr. and Mrs. John Mills and son, Wayne, of near Utica, Miss Eura Donaldson an sisters, Pearl and Lula of Long Run, and Howard Van Wey of St. Louisville, visited Mr. and Mrs. Jake Mills Sunday afternoon.

Rev. T. J. Gregg of Detroit, Mr. and Mrs. Elmer Gregg and Mr. William Gregg of Vanatta, were guests of their sister, Mrs. Joseph Hobbs, and family, Wednesday.

Mrs. George Richerick and three children, Searle, Sara, and Burdelle, are guests of her parents, Mr. and Mrs. George Adrian, of St. Louisville. Milton Wilkin and family and Mrs. Jessie Huston spent Sunday with Nelson Wilkin and family.

Mr. and Mrs. Mark Edman of St. Louisville, were guests of Ray Layman and wife, Sunday.

Joseph Thompson of Frazeysburg, attended the K. O. T. No. social here, Saturday night, and remained a few days as a guest of Frank Wilkin and family.

Miss Iva Billman of St. Louisville, was a guest of Miss Delia Hawke Saturday evening and attended the social at Purity.

Miss Marie Calville was a guest at the home of her grand father H. M. Elliott Saturday night and Sunday.

Mr. and Mrs. Homer Van Wey returned home Thursday from a trip to Niagara Falls and Buffalo.

Charles Van Winkle of Frampton was calling on friends here Sunday.

Miss Lella Gardner spent Sunday with her sister, Mrs. Homer Van Wey.

Rolla Householder who is tool dressing on a gas well near Highwater, spent from Friday until Monday at his home here—and in St. Louisville.

Miss Lottie Bullock was a guest of Misses Elsie and Nora Hobbs Friday.

Little Miss Mary Baughman is spending the week with her grandparents at Frampton.

Miss Delia Hawke took dinner with Mrs. Jake Mills Saturday.

Don't forget the picnic at Rain Park, Saturday, August 26.

Daddy's Bedtime Story

The Boy Who Melted His Wings In the Sun

H. NEYER

The Wings of Icarus Were Melted in the Sun

AN airship had sailed right over the house that afternoon, and of course the children's tongues ran on nothing but flying ships. Jackie was going to build one with big wings—yes, stree—with a sheet and some clothesline and a chair or two, right the next day and go sailing off goodness knows where, to come back any old time that took his fancy.

Daddy smiled when he heard the boast. "I hope your wings may not be like those of Icarus—go to pieces in the air."

"Well, Icarus was the son of Daedalus, who built the first flying machine in history. Indeed, he lived so long ago that what we know about him is rather more of a fairy tale than anything that we can really depend upon. He was said to be a Greek gentleman and lived in the island of Crete some hundreds and hundreds of years ago. He was very ingenious and invented so many things that pleased the king, Minos, that he was a great favorite with him. One of Daedalus' inventions was a wonderful maze in which the king was enabled to pen securely the Minotaur, a fierce monster that otherwise would kill his subjects and do much damage to the land.

"After a time Daedalus lost the favor of the king and was shut up in a tower. He escaped from prison, but could not leave the island because the king had his men watching every ship that sailed for the escaped prisoner.

"King Minos may control the land and sea," said Daedalus pluckily, "but he does not control the air. I will try that way."

"So he began to make wings. He used feathers and held them together with wax. Then he made a pair for his son, Icarus, a laughing, golden haired boy, who was the apple of his eye.

"Now, Icarus, you must be very careful," he warned as he strapped the wings to the lad's back. "If you fly too low over the sea the spray will spoil your wings; if you fly too high the sun will melt the wax. Keep near me and all will be well."

"Slowly the father rose in the air; the son soared higher and higher.

"The sun did exactly as his father had predicted. At the height to which the boy rose the wax was loosened from the feathers of which the wings were made, and one by one the plumes fell into the sea. The unhappy boy fell with a great cry and was drowned in the sea."

"Never mind," consoled Jackie. "I shall not use any wax. I'm going to make my flying machine with sheets and cloths, use tacks and safety pins and string. Things like that won't melt."

ALBERT RINEHART.
Albert Rinehart died Friday night at 11 o'clock at his home in East Main street, after an illness extending over a period of several years. Several years ago Mr. Rinehart was badly injured in a wreck on the B. & O. railroad and he had never fully recovered from his injuries. He is survived by four sons and two daughters, one brother, Henry Rinehart, and two sisters, Mrs. Mary Hickman of this city, and Mrs. Mary McKnight, who lives near Black Run. The funeral services will be held at the home at 12:30 o'clock Sunday, conducted by Rev. Mr. Tyler, pastor of the U. B. church. Interment in the cemetery at Smith chapel.

ANTI-MADEROISTS ARE EXECUTED BY SQUAD OF SOLDIERS

Mexico City, Aug. 19.—Despite the execution of one hundred alleged outlaws of Puebla, disquieting reports of further anti-government demonstrations continue to reach the capital. In practically all instances, the cause has been a growing dislike for Francisco I. Madero and opposition to his candidacy for president.

The bandits shot by a firing squad at Puebla represented an anti-Madero element strongest in the southern states. The revolution that ousted President Diaz had its inception in Puebla and now Puebla's opposition to Madero has taken a definite form.

Authorities there guarded the hour of the execution and the number that would be shot. They had terrorized the vicinity of Tehuacan where they were captured.

A Notre Dame Lady's Appeal.
To all knowing sufferers of rheumatism, whether muscular or of the joints, sciatica, lumbago, backache, pains in the kidneys or neuralgia pains, to write to her for a home treatment which has repeatedly cured all of these troubles. She feels it her duty to send it to all sufferers FREE. You cure yourself at home as thousands will testify—no change of climate being necessary. This simple discovery banishes uric acid from the blood, loosens the stiffened joints, purifies the blood, and brightens the eyes, giving elasticity and tone to the whole system. If the above interests you, for proof address Mrs. M. Summers, Box R, Notre Dame, Ind.

THE "NIGGER TEACHER"

By WALTER B. HENDRICKS

Copyright by American Press Association, 1911.

"Were you here when the war broke out?" I asked a citizen of Alabama during a visit to that state in 1868.

"Vaal, yes, I reckon I war hyar about that time."

"Do you remember Cyrus Vandever?"

"Reckon I do remember Cyrus Vandever. Nobody who was hyar when he was hyar 'll forgit him, I reckon."

"Do they remember him kindly or unkindly?"

"They remember him mighty kindly about the time he went away, but when he first came down hyar they didn't take to him at all."

"What changed them? Tell me all about it."

"Well, suh, Cyrus Vandever was one of them abolitionists that didn't know enough to let the southern people alone to do what they liked with their niggers. At that time we didn't want our slaves to know too much, fo' if they did we would lose our property. Vandever set up a school fo' the blacks. Some of our most influential citizens went to him and protested. He said that he believed it to be his duty to teach 'em, and he proposed to go on with the work."

"They went away and consulted, but they didn't say anything mo' to Vandever, who continued teachin' the niggers. That was just befo' the wah, and we was all gittin' mighty hot down hyar. Finally one night Vandever's schoolhouse was observed to be on fire. The darkies ran fo' buckets to put water on it, but the committee stopped 'em, tellin' 'em they couldn't put on any water. Co'se the niggers was mighty cut up about this, and it made a heap o' trouble among 'em. The schoolhouse burned to the ground, and there was nothing left but a few charred timbers. Vandever wasn't nigh. He had gone to see a sick darkey that had been one of his scholars and didn't get back till his schoolhouse was burned to ashes."

"That was a very dry season, there not having been any rain fo' months. After the fire everybody went to bed. The wind rose, and—well, some s'pose it carried a spark, and some s'pose the spark got lodged in the shingles of the roof when the schoolhouse was burning. Anyhow, about 11 o'clock there was an 'alam o' fah at Cunnel Woodbridge's house. The cunnel was playin' a game o' draw at Major Atwater's with Captain Sykes, Cunnel Thorpe and several other influential citizens. They had burned the schoolhouse and afterward gone to Major Atwater's fo' a julep and a game o' cyards. Cunnel Woodbridge started up when somebody rushed in and told him his house was afah, sayin' he had left his little gal thar alone. The cunnel was a widower, with this little daughter, about twelve years old.

"By the time the poka' party got to the house the downstairs was burnin', and nobody could get upstairs. Little Mary Woodbridge ran to a window and, seein' her father below by the light of the flames, stretched out her arms to him and cried out:

"Papa, save me!"

"I was lookin' myself at the cunnel, and I never saw such an expression of agony on a man's face in my life. No one could get up to the child, fo' everything below was afah.

"Just then a man come along and took in the situation. He was that cursed nigger teacher. He was young and active as a cat. There was a rusty lightning rod in the corner of the window up right to the widow wha' the gal was. Vandever he tuk hold of it and shinned up to the window and reached out an arm. The gal tuk hold of it and swung down beside the abolitionist, who held on to the rod with the other hand.

"Vaal, there he was. He couldn't come down hand ova hand with only one hand, and he couldn't hold on long. Anyhow, it was gittin' hotter all the while, and he and the gal would burn to death. But he hung on. While he was thar the room wha' the child had been burst into a flame. It looked as if both of 'em must perish when some one come with a ladder and, puttin' it up to 'em, Cy dropped Mary on to it and she got down. Then Cy followed her.

"You just orter see Cunnel Woodbridge when he got his daughter from the man whose schoolhouse he had helped to burn. And his burnin' the schoolhouse was what burned his own house, and if it hadn't been for Cy Vandever would 'a' burned Mary. The cunnel couldn't look the nigger teacher in the face. He just put out his hand and said nothin'."

"That was the night befo' Fo't Sumter was fired on, and the next mawnin' when they looked fo' Cyrus Vandever he war 'n no wha' to be found. They reckoned he'd lit out to the no'th to fight the south."

"What's become of Mary Woodbridge?" I asked.

"Oh, she's livin' here with her aunt. She's grown up now. Lots o' young fellers want to marry her, but she says she's waitin' fo' that nigger teacher that saved her from burnin'."

"Where can I find her?"

"Over thar in that white house." As I walked away he called: "Say, stranger, what do you want of her?"

"I'm the nigger teacher. I've been waitin' for her too."

HARNESS RACING AT STATE FAIR

Fifteen Events With Purses Aggregating \$11,000.

Lovers of the race horse and the horse race have been especially well provided for this year. Fifteen great harness events have been scheduled for the five days of the meeting, with purses aggregating eleven thousand dollars. This will be sure to bring out hundreds of the fleetest trotters and pacers in the country. These races may be witnessed without encountering any of the objectionable features which sometimes obtain at other race meetings.

Farm Boys Camp. One hundred farm boys will assist in the management of the fair this year, their expense for the entire week being borne by the State Board.

and twisting strength. Then comes the machine shop and the automatic tool room, where the use of special jigs multiplies the efficiency of one man 70 fold.

Step by step the work goes on until the assembling room is reached and the factory inspection of completed parts begins. Piece by piece the car grows until ready for the road tests which are vividly portrayed. Then comes final inspection and the complete car looms up, a monument to modern engineering and production science.

GRANGE REUNION.

State Master T. C. Laylin announces that the annual reunion of Ohio Patrons of Husbandry will be held on the State Fair grounds, Wednesday and Thursday, August 30 and 31. The members will meet in beautiful Grange Hall. An interesting program will be arranged. Hon. Olive Wilson, Lecturer of the National Grange, will be present both days, and address the patrons. The present year has proven a banner one for the order, and Master Laylin desires a full attendance, that its success may be fittingly celebrated.

A hearty welcome extended to all. The State Fair this year will far excel all previous exhibitions. Many educational innovations will be introduced. Entertainments and amusements galore will prevail. Every member of the order urged to make arrangements to attend.

STATE EXHIBITS.

Active and educational exhibits from the various State Institutions will be featured at the Ohio State Fair. The average man pays little or no attention to the inner workings of our penal and charitable institutions. Of the former he pictures the horror of a Siberia. Of the latter he is too much engrossed with his own affairs to give it the thought it deserves and should command from every citizen. He is quick to criticize without being familiar how the institution is conducted and the effort that those in charge are putting forth for the welfare of the inmates. Two years ago state institutions made their first exhibit at the State Fair. Visitors were amazed at these displays, as generally they had no conception of the output of their schools and workshops. It was a grand school of learning. The exhibits vividly portrayed the good these institutions were accomplishing. Those in charge were the recipients of many compliments. These institutions belong to Ohio. They are supported by public funds. Their manufactures form a prominent part of our State Exposition. They are brought there for your inspection. From them you can judge as to whether the administration of these institutions is in good hands. It is your privilege and duty to ascertain what the state is accomplishing for its wards. The State Fair will be held in Columbus, August 28-September 1. Pay it a visit. Inspect the state exhibits. Ask questions of those

in charge. Familiarize yourself with your own property. It will be money well expended.

WOMEN ADMITTED FREE.

Monday, Aug. 28, will be Women's day at the Ohio State Fair. Ladies will be admitted free, whether alone or accompanied by gentlemen. The fair will be in full operation that day, and special effort will be made for the pleasure and comfort of every one present. The day's entertainment will close with a great \$5,000 fireworks display.

Showem Series commences the 21st. Don't miss one of his adventures. Clip them out and you will soon have an illustrated book of humor.

NEWSY NOTES OF INTEREST TO ALL GLASSWORKERS

(The Glassworker.) Everything is moving along the same as usual at the Heisey Glass Co.'s works, with all the shops on the payroll and good prospects ahead.

A change has been made at the Heisey factory. Louis Rehbeck, former night manager, is going to work day shift with Jacob Miller, the day boss, and Thomas Driscoll and Patrick Giblin are going to manage the night shift. Driscoll has moved into his fine new residence on Cedar street.

L. H. Pugh is the proud father of a big, bouncing boy, and is wearing a broad smile.

Melvin Penney, one of our sorters, was married recently to one of Newark's fair daughters.

Drew cards: John Lang, Edward Monday and Charles Lusch. New arrivals: Thomas Dick, James Hunt, H. McFadden, Wm. Muhleman and Ross Durig.

Fred Ryan, Jr., one of our apprentice gatherers, is laid up with a bealed finger.

William Cook and Gottlieb Zinn, our delegates to the convention, reported having had the time of their lives while at Sea Isle City.

Frank Gruber has arrived home after a pleasant trip along the lakes and reports having had a good time bathing and fishing.

D. Varner, one of our gatherers, is going into the photograph business. We all wish him success in his new venture.

George H. Hamilton is surely a hustler for the local Central League baseball team, which he is president of, and he is making a fine showing.

George Vogel reports that his farm, near Crestline, O., is doing good. Crops are plentiful, especially peaches and apples.

Raymond Blinn, our popular shade presser, made several century runs on his Indian motor cycle during the vacation period.—Tuscarora.

UTICA.

Both the Licking and Utica window glass factories are still in operation and will, no doubt, continue until August 30. The Licking may run after September 1, as the tank is not in as bad shape as the Utica tank. No doubt, after the Licking closes down the Central plant will be started.

Many have left the factories here since hot weather set in, but their places have been filled and there is practically a full complement of men at both factories. Among the new men are Lewis Shultz, Henry Carey, A. Atkinson and A. Tille, from Mt. Vernon, and Porter Rodman and Harry Mickel from Kansas.

Edward Weed, a former gatherer of Mt. Vernon and Utica, is proprietor of an ice cream parlor here.

Joseph Montross, the popular blower at the Utica factory, is a candidate for mayor of Utica on the Socialist ticket.

The window glass workers are again represented in the National League by a blower, Eugene Woodburn, who was purchased by St. Louis from Duluth. He has a host of friends in Sandusky and Utica who hope he will make good in the big show—Harmony.

GENERAL NOTES.

Furnace No. 3 at the Rochester Tumbler Co.'s works, Rochester, Pa., is being razed and will be replaced by a large continuous tank. The H. L. Dixon Co. is doing the construction work and the tank will probably be in shape to make glass within the next two months.

The automatic machine factory of the Charles Bolt Co., Cincinnati, O., has been operating continuously all summer. The mold shop has been enlarged considerably and now gives employment to over a score of men.

Pearl Glass Co., Clarion, Pa., is making a number of changes in its bottle plant.

It is reported that the Tugart Valley Glass Co.'s plant of Grafton, W. Va., will be dismantled and moved to Mannington, where a site has been promised the company. This report, however, has not yet been substantiated by officials of the company.

A brisk business is reported at the glass factory supply establishment of

Charles Leng, South Side, Pittsburg, quite a number of contracts having been landed during the past few weeks, which will keep the force busy for some time to come.

Steady work is the rule at the W. S. McKee Mold Works, Carson street, Pittsburg, and all the skilled hands are busily engaged turning out new molds and other glass factory requirements.

The Phoenix Glass Co.'s plant, Washington, Pa., resumed work this week with the usual number of shops on the roster and a steady run is anticipated.

The Canton Glass Co.'s plant, Marion, Ind., resumed operation last Monday, after being closed down several weeks, during which time many repairs and improvements were made.

The Machine and Wire Glass Co., New Bethlehem, Pa., some time ago erected a small building and last week installed a new machine on which experiments will be made. The machine is the invention of W. S. Temple.

At the South Jersey Glass Works, Swedesboro, N. J., extensive repairs are being made. The work is being done by Cox Bros., of Bridgeton.

At Corning, N. J., the Climax Glass Co. recently leased the shop formerly occupied by the Knickerbocker Cut Glass Co. and opened a glass cutting establishment operating 20 frames.

The plant of the Lockport Glass Co., Lockport, N. Y., will close down next Wednesday after making a splendid run during the past year, ending one of the most successful seasons in the history of the concern. An addition is being built to the office at this company's plant.

The Cheat River Glass Co.'s lamp chimney factory at Point Marion, Pa., has resumed operations with 48 off hand shops on the payroll. An excellent run was made at this plant during the past season.

A good run is being registered at the Fostoria Glass Co.'s big factory, Moundsville, W. Va., and prospects for a continuance are considered good.

J. H. Voss & Co., Wyandot, Mich., will erect a factory building at that place to manufacture by-products of soda ash. The erection of the factory will begin at once.

DIRTY DISHES.

These form one of the most severe tasks in household work. When they are stacked up with grease and unused food it is quite a task to the one who has to wash them.

Hewitt's Easy Task soap solves the problem. It is a pure, white soap which quickly releases grease and dirt and saves at least one-half the labor.

Pure food without pure dishes is of little avail, and Hewitt's Easy Task should be a welcome occupant of every home. Five cents a cake.

TWO SUSPECTS ARE RELEASED AFTER BEING IDENTIFIED

The two men suspected by Capt. Swank and arrested Thursday morning at the Hotel Suter by the police have proven to be two of the cleverest swindlers at large.

Detective James of Columbus was in Newark yesterday afternoon and visited the city prison. He instantly recognized the men having arrested them previously in Columbus. James stated that they were confidence men of the most dangerous type.

The men have become well known to the police throughout the country and their arrest in Newark was one of the best captures made in recent years.

The authorities here, however, have nothing against the men that would warrant a case and after the investigation they were dismissed. Before the men left the city prison they presented the mayor, Detective James and some of the local police officers with one of the "box" diamonds which were found on them. The officials value them merely as souvenirs of the "occasion."

OBITUARY

MRS. HATTIE DISPENNETT.

Mrs. Hattie Dispennett, the estimable wife of Mr. E. D. Dispennett, a well known resident of Licking county, died at her home in Franklin township, five miles south of Newark, at 12 o'clock, noon, Friday, after an illness of three years. She is survived by her husband and a number of relatives. She was a faithful and consistent member of the St. John's Lutheran church. The funeral services will be held at the Fairmont church, in Licking township, Sunday afternoon about 2 o'clock, and the funeral cortege will leave the house at 1 o'clock. The services at the church will be conducted by Rev. Mr. Vernon of the First Presbyterian church, and the interment will be made in the cemetery at Fairmont church.

CARD OF THANKS.

We wish to thank the friends and neighbors for their kindness and sympathy during the sickness and death of our dear husband and father. We wish also to thank Rev. Tibbles, the choir and soldiers. Mrs. Marion Bumerat and daughter.

THINKS CONNOLLY WILL MAKE GOOD

With the announcement of the sale of Joe Connolly to the Cubs for \$250,000, Jack Taylor, ex-big leaguer and veteran hurler of the Central, has ventured to make some predictions concerning the future of the Cub-to-be "Connolly," said Taylor. "Has nothing wrong with him as a ball player. He is young fields well and bats like a fiend. I am confident that he has a great future before him and I prophesy that he will be at least 265 his first year in the major league."

C. ALSPACH GETS FREE TRIP TO STATE FAIR

Clifton Alsapach, the young farmer lad who won out in the Licking county contest for the free trip to the Ohio State Fair, offered by the State Agricultural society, is wearing his honors very gracefully. He is a son of E. C. Alsapach, a prominent farmer of Burlington township, and has had five years of practical experience on the farm.

During the past several weeks there has been a great fight going on among the young farmer boys of Licking county, in the boys race for the free trip to the State Fair, offered by the State Agricultural society, and there were many candidates in all the counties of the state.

In Licking county there were seventeen candidates as follows: Burton Colwell, Remington twp. Lennox Freas, Hartford twp. Bryan Case, Hartford twp. Oscar D. Mack, Bowling Green twp. R. L. McCann, Perry twp. Herbert Morton, Bowling Green twp. Clifford Alsapach, Burlington twp. (first.)

Burton Colwell, Burlington twp. Roy Priest, Madison twp. David Jones, Granville twp. (second.)

H. Lee Emerson, Monroe twp. Robert O. Merrill, Jersey twp. Guy W. Miller, Etna twp. C. Lloyd Riley, Burlington twp. Howard W. Mossman, Madison twp. Willis Perry, St. Albans twp. All the boys were over 15 years of age and under 21 years, and their applications were filed with the secretary of the state board of agriculture, and with the president of the board of county commissioners.

Those eligible to cast their votes for their favorites were as follows: Presidents of the Board of County Commissioners, Board of County Examiners, County Teachers' Institute, County Sunday School convention, Farmers' Institutes, Farmers' plenary meetings and meetings, County Corn Improvement associations, County Good Roads associations or Federations, Granges, County Agricultural societies, farmers' insurance companies, editors of newspapers and secretary of agricultural society.

George T. Tavenor being president of the board of commissioners, presided at the selection. Thirteen ballots were taken when the secretary announced that Clifford Alsapach of Burlington township had secured the required number of votes to elect. Robert Merrill of Jersey township was elected first alternate and David Jones of Granville township second alternate.

The Judge's Whistle.

The most comical summing up on record is attributed to a volume of legal reminiscences called "The Powder" to Baron Bramwell. The defendant's counsel had closed his case without calling a witness whose coming had been much expected. "Don't you call Jones, Mr. Blank?" said the judge significantly at the close of counsel's address. "I do not, my lord," replied the advocate. The judge turned around to the jury and gave vent to a low and prolonged whistle. "Whew-ew!" he said, or, rather, whistled. "Gentlemen, consider your verdict."

His Sudden Call.

The Masons of Manhattan gave a banquet. The transmittor called upon one brother whose name was not on the program. It rather confused him. "Look here, Mr. Toastmaster," said he, "this isn't exactly fair. You have called upon me to make an ass of myself without any preparation whatever."—Kansas City Journal.

According to Rule.

"How is your mother this morning?" asked Mrs. Grey of the small boy who came with the milk. "She's better," he answered. "Can she sit up?" went on Mrs. Grey. "No," answered the literal youngster. "She sits down, but she stands up."—Woman's Home Companion.

The Lubricator.

"Why do you always put a pitcher of water and a glass on the table before an orator?" "That," said the chairman of many reception committees, "is to give him something to do in case he forgets his place and has to stop and think."—Washington Star.

Aim High.

No matter what you're doing, aim for the highest point first. You may land in a jump, and if you fail that's time enough to lower your aim. People give you credit only for your best effort.—Baltimore Sun.

LODGE NEWS

Knights of Pythias.

The annual reunion of the Knights of Pythias and their families will be held next Wednesday, August 23 in the Tida Green (C. E. Welch's) grove north of town. Rev. William Howard McDaniels of Rushville, will be here and deliver a short address. All the Brothers are acquainted with Brother Mac and we know they will not miss this opportunity to meet with and hear him. In addition to the usual line of amusements an important event of the day will be the ball game between teams selected by Lane Brothers as batters and Ed Wright and B. Dressback as batteries for the opposing team. This promises to be a hummer. Don't forget the well filled baskets which is so necessary upon such occasions. Arrange to be at the grove by 11 o'clock. Those who do not have any way to go will meet at the K. of P. hall at 10:30 o'clock and will be conveyed to the grove in automobiles that the good brethren have secured. The committee in charge promises us all the orangeade free we can drink. Let all Knights consider this notice a special invitation and by your presence help make this picnic one long to be remembered.—Johnstown Independent.

L. O. T. M.

White Carnation Hive, No. 68, held an enjoyable meeting Wednesday evening. A number of out-of-town members were present, among them being Mrs. Coffman of New Orleans. Announcement was made of the drawing of the battenberg piece, the lucky number being held by Mrs. Linskey of Gay street. The date of the picnic was set for Friday, Sept. 1, at the home of Mr. and Mrs. J. M. Lambert. The members are urged to attend with well filled baskets. It has been arranged to leave the B. & O. depot at 8:10 o'clock for Vanatta, and from there to be conveyed to the Lambert home in hay wagons, returning to Newark at 6:55 p. m. Dainty refreshments were served at the close of the meeting and the hive adjourned to meet Sept. 6.

Attack Like Tigers.

In fighting to keep the blood pure the white corpuscles attack disease germs like tigers. But often germs multiply so fast the little fighters are overcome. Then sea plumples, boils, eczema, salt rheum and sores multiply and strength and appetite fail. This condition demands Electric Bitters to regulate stomach, liver and kidneys and to expel poisons from the blood. "They are the best blood purifier," writes C. T. Budahn of Tracy, Calif. "I have even found." They make rich, red blood, strong nerves and build up your health. Try them. 50c at F. D. Hall's.

AVIATOR SETS NEW RECORD FOR ALTITUDE

BRINDLEY SOARED TO HEIGHTS
OF 11,726 FEET AT CHICAGO
AVIATION MEET.

Lands in Aviation Field Numb From
Cold—Narrow Escape From
Death.

Chicago, Aug. 10.—Oscar A. Brindley soared higher from the ground yesterday than an airplane has ever been and set a new world's record at 11,726 feet. Philip O. Parmelee followed him in the air, passing the former American record and reaching 10,837 feet before he was forced to descend.

The world's record at present is 10,761 feet, made at Mourmelon, France, July 8, 1911. Captain Felix on August 3, 1911, flew to a height of 11,152 feet at Etampes, France, but his flight has not yet been made official. Ralph Johnstone set the American mark at Belmont Park, N. Y., Oct. 3, 1910, at 10,476 feet.

While Brindley, Howard, Gill, Parmelee and Beachey were high among the clouds, finding safety in their altitude flights, James Ward and Earle Ovington, flying at comparatively low levels, both had narrow escapes. The propeller of Ward's machine broke into 100 pieces as he flew before the grand stand.

Ovington Lands in Water. Pieces of wood penetrated and tore the canvas planes, but the aviator held tight and brought his machine wobbling to the ground. Ovington, with his engine stopped, unable quite to reach shore, found a landing place in five feet of water, from which he escaped with no worse injury than a ducking.

The altitude events, although unscheduled, proved the most important of the day. The wind that blew at 20 miles 100 feet above the earth, was missing higher up, and Brindley, Beachey and Gill started for altitude. Beachey was the first to descend, driven down by the cold. He came down shivering, hardly able to move his hands from the steering wheel. His barograph showed 8500 feet. Brindley was the next to descend after having passed completely out of sight of all but the strongest glasses. His barograph had swung around to a figure never before reached in American aviation meets, showing 11,000 feet. Gill descended soon after with a mark of 10,700. All declared they could have made even better marks but for the extreme cold.

The Day's Summary. The summary of the day's events is as follows: Altitude—O. A. Brindley, 11,000 feet, uncorrected reading, setting a new American record. 18-mile cross-water—Sopwith, 15 minutes, 58.4 seconds; first; Ely, Beachey, 17 minutes, 58.4 seconds; second; Simon, 17 minutes, 7.8 seconds; second; third.

Monoplanes, 12 miles over land—Sopwith first, 13 minutes, 52.6 seconds; Ovington second, 15 minutes, 2 seconds; Simon third, 17 minutes, 7.4 seconds.

A King Who Left Home. Set the world to talking, but Paul Mathulka of Buffalo, N. Y., says he always KEEPS AT HOME the King of All Laxatives—Dr. King's New Life Pills—and that they're a blessing to all his family. Cure constipation, headache, indigestion, dyspepsia. Only 25c. at F. D. Hall's.

DRAINAGE AT LAKE CAUSES A KICK

Complaint is being made to Attorney General Hoxan by persons having cottages at Buckeye Lake about the unsanitary condition of the grounds by reason of a lack of proper drainage, and the former will call the attention of the state board of public works to the matter.

It will be suggested that the board make requisition upon the state emergency board for an appropriation with which to remedy the situation. The aid of the state board of health will also be invoked.

This is not the first time that cottagers have complained to the state authorities about the condition of the resort. They say that unless the trouble is corrected that they will be obliged to leave.

The complainants are those who have leases for the land on which they have erected cottages.

AMUSEMENTS

At the Auditorium. The Billy Allen Musical Comedy company opens a week's engagement at the Auditorium theatre, commencing Monday, Aug. 21, and from the press comments in large cities in the west, south and southwest, where Mr. Allen has been playing for the past 229 consecutive weeks, he has the best attraction traveling today at popular prices.

Mr. Allen has left nothing undone that can in any way add to the excellence of his attractions. The productions that he is presenting are equal to many of the up-to-date, high-priced musical comedies that are on the road this season.

The shows are well staged and nicely costumed and the music is catchy—the kind that is whistled on the street.

Some of the attractions he has to offer for the approval of the Auditorium patrons are "The King of Koko," "Tatters and the Bears," "Miss Idlewild," "Dolly's Wedding Day," "The Man Behind," "The College Hero," "Miss Philter."

Usual matinees on Wednesday and Saturday. Seats now on sale.

\$100 REWARD, \$100. The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for testimonials. Address F. J. CHENIX & CO., Toledo, O. CATHOLICS IN CONVENTION AT COLUMBUS

SUNDAY WILL SEE OPENING OF
BIG FEDERATION OF CATH-
OLIC SOCIETIES.

Hundreds Will Attend from Newark.
Making Trip in Special Coaches
on B. & O. Road.

Probably one of the largest gatherings of Catholics ever assembled in Ohio will come together in Columbus Sunday, the opening day of the national convention of the American Federation of Catholic Societies. The Catholics of Columbus have been working for days in preparation of the big event and of the enormous crowds expected to flood the city. All the Catholic clergy of Columbus will throw open the doors of their homes and rectories and private homes all over the city will open wide in welcome and thousands of delegates will be entertained with a wealth of hospitality in the homes of private citizens.

Big special trains will be run by the B. & O. and Inland companies. Special trains from Wheeling, Chicago Junction and Shawnee, will reach Columbus at an early hour in the day. On B. & O. train No. 7 four special coaches will be attached, carrying the members of the German societies of Zanesville. Five coaches will be provided for the Knights of St. John and Knights of Columbus of this city and their ladies.

The parade of Catholic people and societies Sunday afternoon will be the first dazzling feature of the big meeting. It is expected that at least 12,000 persons will be in line. The parade will be reviewed by Governor Harman and other public officials, as well as by all the visiting archbishops, bishops and priests.

MEDICINE KILLS CHILD. Cincinnati, Aug. 19.—Tablets used by his father for intestinal troubles caused the death of Ralph, the one-year old son of Mr. and Mrs. Richard Pennick of West Covington, Ky., yesterday. The mother gave the child a box containing tablets to play with. Later Mrs. Pennick noticed that the child appeared ill and took him to a physician's office. Convulsions started and although the doctor worked on the baby all night, the little fellow died yesterday.

PENNSYLVANIA STATE POLICE ON GUARD TO PREVENT OUTBREAKS AT COATESVILLE

The troopers of the state constabulary stationed at Coatesville, Pa., are exercising great watchfulness in preventing race riots and attacks on the jail, where suspects in the Walker lynching case are confined. Talk of raiding the jail and releasing the suspects has been frequently heard. Six arrests have already been made, and warrants for more men accused of participating in the burning of the negro at the stake have been issued.

MINISTER HIT BY TRAIN AT FRAZEYSBURG

Arm Broken and Head Bruised.
Was Thrown Off Track and Escaped Death Beneath Wheels.

Frazeyburg, O., Aug. 19.—Rev. Elisha White of Columbus, aged 88 years, who formerly was a minister of the Church of Christ, was seriously injured here this morning about 7 o'clock.

He had been attending the homecoming of former Frazeyburg residents and had gone to the depot to take a train for home. While walking along the platform at the station the Panhandle accommodation train pulled in.

He failed to notice that he was too close to the track and the engine struck him, hurling him to one side and rendering him unconscious. Dr. Fleming was hastily summoned and found that Mr. White had sustained a fracture of the left forearm and was badly bruised about the head and body.

When the aged man recovered consciousness it was found that his mind had been affected by his injury. He will be cared for until this evening, when he will be taken to his home in Columbus.

COMFORTING WORDS

Many a Newark Household Will Find Them So.

To have the pains and aches of a bad back removed; to be entirely free from annoying, dangerous urinary disorders is enough to make any kidney sufferer grateful. To tell how this great change can be brought about will prove comforting words to hundreds of Newark readers.

Amos Frey, Toboso, Newark, Ohio, says: "I have been entirely free from kidney trouble since Doan's Kidney Pills cured me over eleven years ago. I suffered severely from pains through the small of my back and they were always aggravated by the least exertion. If I sat in one position for any length of time, my back became so sore that I could hardly arise. I took several remedies but the relief obtained was slight and I continued to grow worse until I was in a serious condition. I finally read of Doan's Kidney Pills and as they were highly recommended for complaints similar to mine, I procured a box. They lived up to representations, going directly to the seat of my trouble and ridding me of all pain. I have always recommended Doan's Kidney Pills highly and I deem it a pleasure to do so."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Among them is one design that they are making a great special at \$5.00. It is of solid German silver and is surely an exceptionally good value at the money. There are dozens of others ranging in price from \$2.00 up to \$13.50. They are made good and strong and nicely lined with white kid, making a substantial as well as very handsome bag. 15-7-19

THE SEPTEMBER WOMAN'S HOME COMPANION.

The September Woman's Home Companion is the advance fall fashion number of that periodical. It contains an immense amount of fashion news that will interest and be of practical service to women. Grace Margaret Gould, who conducts the fashion department of the Companion, does her work admirably; that is, her object seems to be—not to present fashions in a way that will influence women to waste money on clothes, but in a way to show the great mass of women how they may dress fashionably and yet at reasonable cost.

On the entertainment side the September Companion is an unusual number. Notable and lively fiction is contributed by Alice Brown, Annie Hamilton Donnell, Anna McClure Shell, Mary Heaton Vorse, John D. Swain and others.

Eight special articles, full of new facts and ideas, are included. The titles of some of these are: "What Companion Readers Think About the Cost of Living," "The Boy and Some of His Opinions," "The Modern Woman's Paradise," "Housekeeping by Electricity," "Saving Steps in the Kitchen."

Fourteen special departments, and the great fashion, home decoration and household features, complete the number.

FOURTH REUNION OF MASON-REDMAN

The fourth annual Mason-Redman reunion was held on Tuesday, August 15, at the home of J. T. Mason at Clay Lick. There were about two hundred persons in attendance at the reunion. The time was very pleasantly spent during the morning hours in happy greetings and in forming new acquaintances. At one o'clock all gathered in the yard and enjoyed a fine picnic dinner. After dinner a short business session was held and the following officers were elected: President, William Mason; secretary, R. N. Walker; treasurer, J. S. Mason; committee of arrangements, S. A. Redman and J. T. Mason. The committee desires to thank the Clay Lick band, which furnished the excellent music during the day. Those present from abroad were A. R. Mason and Miss Estia Mason of Oakwood, Ill.

To The Women

Some women are just a trifle timid about going to a bank to transact business. And why? Simply because they are not familiar with the rules of banking. This shouldn't be so, and, indeed, this isn't so with those who come to this bank, for we aim to make every transaction so clear and so plain, that dealing with a bank soon becomes to them an easy habit.

We appreciate the patronage of women. Their business with us is already large and steadily increasing. If you are not now a patron, then please consider this an invitation to become one.
